2018 | Grassroots Delegates Program

Grassroots Application

Due February 16th 2018

One of the most important parts of this program is the opportunity for NEA Grassroots Student Delegates to visit with congressional representatives and ask important questions. At a time when energy is at the forefront of issues facing Rural Alaska, this is a great opportunity to represent and advocate for Bristol Bay and the Cooperative.

Please use the following page to outline two informed questions for our representatives. We strongly encourage each of you to do some research to inform your questions.

Congressional Representative Questions

What question would you ask Senator Lisa Murkowski about the energy issues facing Bristol Bay and Rural Alaska?

What question would you ask Congressman Don Young about the energy issues facing Bristol Bay and Rural Alaska?
